The Columbia Stave Company has employed a first-class cooper, and within a few days will have barrels for sale. They propose to push this line of business which will be of much worth to this town and country. No shoddy or cheaply constructed barrels will be made. If you need a barrel for cider, molasses or for any other liquid send in your order to the Columbia Stave Company.

There seem to be a misunderstanding by a few people of Columbia and vicinity in regard to the teaching of the public school in district 74, in the M. & F. High School building. Prof. Ballard wishes to inform the people that the free-school being taught there will in no wise conflict with the regular High school work, and that the school is open for all pupils who may wish to attend.

Miss Bessie Coffey, daughter of Mr. J. N. Coffey, this city, will evidently become an artist some day if her talent in the art is cultivated. She has never been under a teacher, but handles the brush naturally. Last week two drawings were on exhibition representing portions of the town in which she lives, and they were so well executed that the places were readily recognized. She is quite young, but with the advantages her father will give her she will evidently become skilled in the use of the brush.

The necessary amount of subscription to secure the outside aid to the school at this place, has not yet been secured but the soliciting committee is still pushing the work and will succeed. Parties who have not yet subscribed should not put it off longer, but come to the front in this matter. A good school at this place with 50 or 100 boarders will mean a great increase to the business of this town. The proposition under consideration, if successful, will give the school here such a reputation and prestige over adjacent counties that there will be no doubt about securing students from all parts of the section of country.

It took a couple of wagons to accommodate the hay-riders who visited Todd's Cave last Thursday evening. There was a some delay in starting, hence the usual time could not be put in at the cave, it being 10 o'clock when the party reached its destination. The ladies had prepared all manner of refreshments which were served near the entrance, and the industry manifested by all present occasioned. It was a highly enjoyable occasion. It was the intention of many to enter the cavern, but the lateness of the hour prevented the carrying out of that portion of the program. There are several visiting young ladies and gentlemen in Columbia and the trip was arranged for their especial benefit.

Prevented A Tragedy.

Timely information given Mrs. Geo. Long, of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and \$1.00. Guaranteed. Trial bottles free at T. R. Paul's drug store.

The Ministers of Columbia.

We have always taken the position that ministers, like all men, have their faults, that is, that they are not perfect, and are subject to trials and temptations, not as great, but in some instances, the same as men in other callings. We furthermore believe that when the walks and actions of ministers are straight in all things, their examples should be followed by those who are coming after them. The various pastors of the Churches of Columbia are young men, two married and two are single, but they all possess genuine Christian character, and are universally respected for their integrity in all matters of business. Ordinarily it is unnecessary to offer words of praise concerning the lives of local ministers, as it is expected that they are just what they claim to be, and so far as the pastors of this city are concerned they are due and are entitled to the high praise they are receiving, for they are men of decided character. Are all communities thus fortunately situated? Read the daily papers if you please and you will be astounded to learn how frequent occurs an announcement that a minister has gone wrong. The fact is, those who are caught were never right; and to do mischief an opportunity was all that was necessary.

The ministers of Columbia walk prayerfully before their God, uprightly in the presence of their fellowmen, honoring the good and despising the acts of the wicked. We are proud of them.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. BUNDICK, Liberty; R. I. For sale by M. Cravens.
